organic beauty services

Pamper yourself with eco-conscious treatments that are gentle on both your skin and the planet.

The Spa at Four Seasons Hotel Atlanta

75 14th St., 404-253-3848. Botanicals and essential oils are the foundation of the treatments at this year-old hotel spa. The fruit-based Organic Enzyme Peel (\$130, 50 minutes) achieves the same skin-brightening results as chemical peels, without the harsh aftereffects.

HONEY NAIL SALON & BOUTIQUE

Green People Salon

190 10th St., 404-815-8880. This new, intimate salon within Blue Medspa uses only ammonia-free organic hair dyes, which, as a bonus, hold color longer. We love the ultra-conditioning Hair Smoothie, blended on-site with fresh avocado, papaya, and other fruits.

Zenergize Wellness Spa

292 S. Atlanta St., 770-992-2079.

Located in a building constructed with sustainable materials, this historic Roswell spot relies on plant-based products for its incredible customizable signature massages (\$65, one hour), which can involve Swedish, deep-tissue work, and reflexology.

Honey Nail Salon & Boutique

442 E. Paces Ferry Rd., 404-816-8340. Set in a charming Buckhead bungalow, this all-natural nail bar employs a trio of brown sugar scrub, Dead Sea salts, and shea butter for the standout Queen Bee pedicure (from \$85). Bonus: The polishes are formaldehyde-free.
